

Valentine's Day project

- Hard to enjoy
- Hidden feelings

For me Valentine's day is so hard to enjoy as it is about encouraging consumerism that is unnecessary. In Korea, there are bunch of days. Every month's 14th is like Valentine's Day, White Day, Rose Day ..etc. So it is unpleasant and unnecessary and gives other "frustration" and left out.

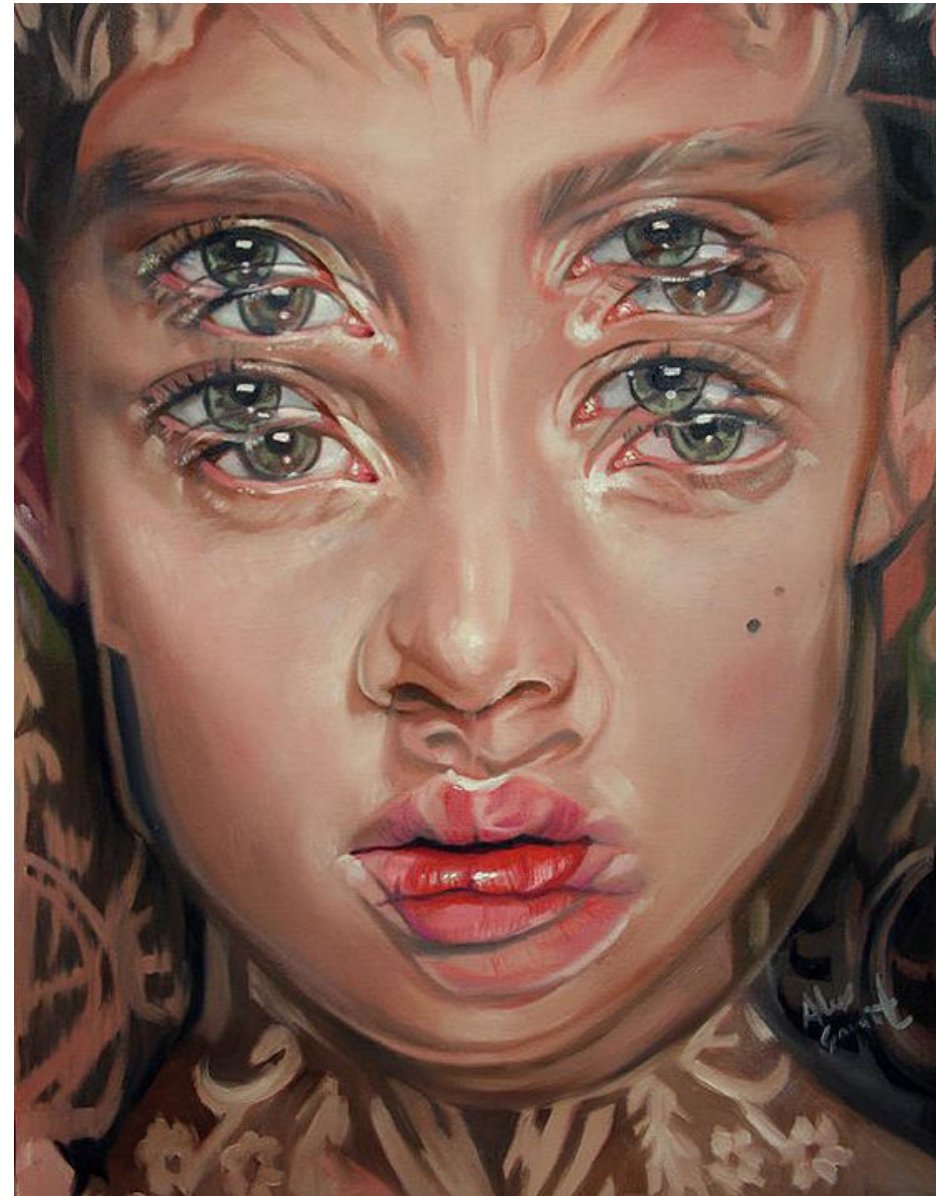

Also Valentine's Day is about showing the hidden feelings. I think people have to read the hidden meaning behind and it is sometime complicated and misunderstood.
